

# COVID 19 PPE

*Participant Guide*

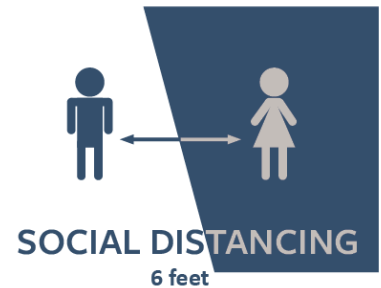

**LIBERTY**  
MILITARY HOUSING

## PERSONAL PROTECTIVE MEASURES

As a result of **COVID-19** we have implemented the following personal protective measures for our teams:

*Maintain at least a 6 foot buffer between people whenever possible and do not crowd breakrooms, maintenance shops, or other work areas.*

*Regularly wash hands for a minimum of 20 seconds.*

*Avoid touching your face, cover coughs and sneezes in your elbow/arm or use a tissue, then immediately dispose of the tissue, and wash hands.*

*Consistently wear PPE including face covering, booties, and gloves.*

## PERSONAL PROTECTIVE MEASURES: CDC

***Team Members must contact their supervisor and not report to work if they are experiencing any of the following symptoms:***

- Fever of 100 degrees or more
- Cough
- Shortness of Breath
- Chills
- Muscle pain
- Headache
- Sore throat
- New loss of taste or smell

### ***Personal Protective Equipment (PPE)***

---

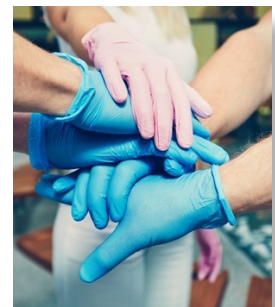

Face Coverings

Booties

Gloves

## WORKPLACE PROTECTION: WORKING IN HOMES

Prior to scheduling a home for a Work Order, the following information must be obtained by the Service Coordinator or designated LMH Team Member to determine appropriate protocols:

- 1.** Has anyone in the home tested positive for COVID-19 within the last 14 days?
- 2.** Has anyone in the home traveled to any country within the last 14 days for which the CDC has issued a pandemic-related Level 3 Travel Health Notice?
- 3.** Has anyone in the home come into contact with any individual that has tested positive for COVID-19 in the last 14 days?
- 4.** Has anyone in the home had a fever of 100°F or more, chills, cough, shortness of breath or difficulty breathing, body aches, or experienced a new loss of taste or smell within the last 14 days?

### ***Service Request Protocols***

---

Once the resident has answered NO to the qualifying questions, a Service Technician can be dispatched to the home. Prior to entering the home, you must perform the following:

- Wash hands before and after each service request with soap and water for at least 20 seconds upon returning to the office / maintenance shop (use an alcohol-based hand sanitizer if soap and water is not available).
- Apply Personal Protective Equipment (PPE) before entering the home.
- Ask the resident to turn on the lights and isolate themselves in an area of the home away from where the work will take place.
- Disinfect the work area prior to completing the service request.
- Disinfect tools used upon completion of the service request.
